## PREFACE

Volume XXI contained the Introduction to the Rolls of Highworth Hundred and the text of the Rolls for the years 1275-81. The present volume completes the text and provides indexes and a glossary. The acknowledgements printed on page vii of Volume XXI apply equally to the present volume.

In June 1967 a modification to the rules of the Records Branch changed the name of the Branch to the Wiltshire Record Society. The change, which was made with the blessing of the parent society, the Wiltshire Archaeological and Natural History Society, was intended primarily to give formal recognition to the long-standing independence of the Branch.

The present volume, which is issued for the year 1966, is published under the imprint of the former Records Branch. Future volumes will be published under the imprint of the Wiltshire Record Society; they will include, for a few years, an indication that the Wiltshire Record Society was formerly the Records Branch. The enumeration of the volumes will be continued: the volumes published under the new imprint will be numbered in a single series with those published under the old.
